Mjoelner Hunting

Mjoelner Hunting makes quality hunting equipment. We are a handful of Scandinavians; lifelong hunters and friends who have decided to work with one of the things that we really know a lot about and interests us; Hunting equipment.

We know what hunters need and what works. We develop and test our products all the time, all over the World, and in many and very different types of environments.

Mjoelner Hunting products can be found in leading hunting stores in Scandinavia and Northern Europe.

Mjoelner Hunting Equipment always makes it back, and it will do its job through Ragnarok, just like Mjoelner did.

Two-Way Radios / I-COM

**ICOM HUNTING RADIOS
YOUR SAFETY!**

PROHUNT®

BASIC 2/COMPACT

ProHunt®Basic 2/Compact är med sitt smidiga vattentäta format mycket attraktiv för jägaren som letar efter en liten, smidig radio med stort hjärta. Radion har alla kanaler och funktioner som man söker i en modern jaktradio samt även nya funktioner som ljudförstärkning och talförvrängning.

Liten, lätt och kraftfull

Radion väger endast 240g (inkl. batteri och antenn).

SmartAlarm

Säkert nödalarm där larm skickas till alla på samma frekvens/kanal oavsett vilket radiomärke de andra i jaktaget använder. Radion växlar automatiskt mellan sändning och mottagning

Scanning med TalkBack

Scanfunktionen bygger på ProHunt Advanced SmartScan men med förprogrammerade kanaler i scanlistan, dock ingår alltid vald kanal.

Alfanumerisk display med belysning

8-teckens belyst display gör det lätt att hitta rätt bland kanalerna.

Lång batteritid

Med förbättrade kretsar har Icom trots en kompakt design lyckats fått en lång drifttid på radion. Batterisparfunktionen förlänger drifttiden ytterligare.

Interaktiv utbildning

För att du enkelt skall komma igång med din radio finns det en interaktiv utbildning till radion. Utbildningen går du enkelt via internet.

PROHUNTDIGITAL

PROHUNT® D52

ProHunt®D52 är en liten 141/155 MHz analog- och digital jaktradio. ProHunt®Digital ger bättre räckvidd än analog radio och möjliggör säker kommunikation inom jaktaget samt störningsfri kommunikation från angränsande jaktag och exempelvis hundpejl.

Liten, logisk och flexibel

Radion väger endast 230g (inkl. batteri och antenn) och har mätten 92x56x29 mm. Med ett helt omarbetat gränssnitt med menyer på svenska är radion mycket enkel och logisk att hantera. Ljud- och ljusinställningarna går också att anpassa efter eget behov.

Inspelningsfunktion

Om inspelningsfunktionen aktiveras spelas inkommande och utgående kommunikation in automatiskt i upp till 8 minuter.

Snabb och flexibel scanningfunktion

ProHunt®D52 har mycket snabb scanning (20 ms/kanal) samt möjlighet att själv bygga upp scanlista med de kanaler som skall ingå.

Inbyggd Bluetooth®

Enkel parning till de flesta på marknaden förekommande headset och har stöd för Bluetooth® PTT-protokoll.

Digital, analog och säker kommunikation

Klarar både analog och digital kommunikation och kan kommunicera med analoga/digitala jaktapparater på 140/155 MHz. Radion har ökad räckvidd i digitalläge jämfört mot analogläge. Kryptering på digitalkanalerna samt scrambler på analogkanalerna som också är kompatibel med Icoms övriga radio.

Mekaniska vred och tydlig LCD

De mekaniska vreden gör det enkelt att byta kanal och justera volymen. Punktmatis LCD gör det lätt att hitta rätt bland kanalerna.

Intelligent batterihantering

Radion visar aktuellt batteristatus i procent, antal genomförda laddcyklar samt ger en hälsostatus på batteriet så man vet när det är dags att byta ut det.

Svenska, norska och danska jaktkanaler

Samtliga svenska, norska och danska analoga jaktkanaler och subtoner ingår samt extra digitala jaktkanaler.
